TOWN OF DELAFIELD BOARD OF SUPERVISORS MEETING  
November 13, 2018

Members Present:  L. Krause, P. Van Horn, E. Kranick, R. Troy, C. Smith
Others Present:  T. Barbeau, Town Engineer, D. Roberts, Highway Superintendent, Kevin Fitzgerald, Plan Commission Chairman, T. Dunker, Waukesha County Sheriff’s Department, 4 citizens

Public Hearings: Prior to the start of the regular Town Board meeting, there will be two public hearings:
1. To consider a request by Michael Falk, N29 W29682 Franciscan Road for annexation of vacant property known as Tax Key No. DELT 0773-973 into the Lake Pewaukee Sanitary District (LPSPD).

Matt Retzak, Bartelt, stated that his company is working on a home design for the subject property. He met with Waukesha County, and it was determined that a septic system was not suitable for the property because it is landlocked by LPSPD. Final engineering is still in the works.

2. To consider the amendment of several sections of Chapter 17, Zoning and Chapter 18, Land Division and Development Control of the municipal code for the Town of Delafield.

Chairman Krause stated that a public hearing was held in September and proposed changes were made.

Engineer Barbeau summarized the following proposed changes to the subject sections:
1. Section 17.05 3. C. - Public hearings for conditional uses shall be jointly held before the Town Board and Plan Commission.
2. 17.05 4. F. 8. - Traffic study requirement changes allow the Plan Commission to decide whether or not a traffic study should be performed and standards by which it must be prepared. Also, a traffic study is required for churches, synagogues, other places of religious assembly and commercial planned unit development conditional uses.
3. Section 17.05 D. 2. Revise the noise standard to state “Noise after the conversion shall be no greater than the noise level prior to the conversion”.
4. 17.05 D. 2. j. – Hours and days of operation shall be no more than 7:00 AM to 7:00 PM, Monday through Sunday; k. – No more than 20 drop-offs or withdrawals of allows storage items per week.
5. 17.05 4. G. 2. – The Plan Commission will require the applicant to provide an odor control plan for hobby kennels.
6. 17.05 5. N. c. - Applicant shall submit a manure management plan in accordance with Waukesha County Environmental Health Division.
7. 17.05 5. U. In-law units – The definition and regulations referencing in-law suites were removed from the proposed ordinance.
8. Bulk storage at greenhouses – This will be controlled by the plan of operation and site plan submitted by the applicant.
9. Section 17.05 4. E. 6. - Storm Water Requirements – The applicant must meet all requirements of Waukesha County.

For all developments, 40% of the PUD area has to be set aside for permanent common open space; except the 40% permanent common open space is not required if all lots in the PUD are single-family residential lots and they each meet a minimum lot size of 5 acres or greater. The overall density cannot exceed the maximum density allowed by applicable laws and ordinances.

Engineer Barbeau was directed to revise 17.05 5. M. 2. e. to read: “The application and all data and information pertaining thereto shall be referred to the Plan Commission and Town Board for public hearing…”

SUBJECT: Quiet Zone for Railroad Crossing at KE and Glacier Rd

Dear Larry,

On behalf of the Somerset Moors subdivision and other Town of Delafield residents near the railroad crossing at KE and Glacier Road, I would like to propose that the Town of Delafield apply for Quiet Zone status for that crossing.

After having been in touch with the US Federal Railroad Agency (FRA), the Wisconsin Department of Transportation (WI DOT), our Town Engineer, Waukesha County, as well as officials from our neighboring municipalities (Village of Hartland, City of Pewaukee, and Village of Pewaukee), my basic understanding of work to be done on this crossing is as follows.

In 2016, the FRA granted the State of Wisconsin approximately $3mn for safety enhancements to 10 railroad crossings in the Lake Country area. The WI DOT is now implementing this “Sealed Corridor Project,” the entirety of which is scheduled to be complete by 2020. There is no cost to local municipalities for these safety upgrades.

Our railroad crossing at KE & Glacier is one of ten crossings included in this Sealed Corridor Project, and the KE/Glacier crossing is to receive a quad-gate crossing system, which will replace the current 2-gate system. WI DOT has confirmed to me that the KE/Glacier crossing upgrade work will happen by the end of 2019. FRA has confirmed to me that such a quad-gate system, along with adjacent crossings being at least ½ miles away on either side, would satisfy their requirements for Quiet Zone status. (No hardened medians would be required here for Quiet Zone status, as we’ve seen installed at Village of Hartland crossings).

Essentially, I have been able to confirm that FRA’s Quiet Zone status is attainable for the Town of Delafield’s KE/Glacier crossing, at no capital cost to the Town, once the WI DOT installs the new quad-gate system there by the end of next year. I am prepared to summarize my research and findings to the Board as soon as the next Town Board meeting, and I can provide much more detail and required next steps at that time.

If possible, I would like to request that this topic be added to the agenda of the Board’s next meeting.

Best regards,

John Moore
Fact Sheet - General Obligation Loans

Eligible Borrowers: Wisconsin towns, villages, cities, counties, school districts, technical college districts, public inland lake protection and rehabilitation districts, town sanitary districts, metropolitan sewerage districts, metropolitan sewerage systems, joint sewerage systems, consortiums, cooperative educational service agencies (CESAs), federated public library systems, and drainage districts.

Loan Process: Simple and transparent, with funds available 30-45 days from initial application.

Loan Security: Loans become a general obligation of the borrower and require the borrower to levy a tax sufficient to make principal and interest payments when due.

Loan Purpose: Loans of 10 years or less may be made to facilitate the performance of any power or duty of the borrowing municipality, including operations and maintenance. Loans greater than 10 years are restricted to the financing or refinancing of public purpose projects including “the acquisition, leasing, planning, design, construction, development, extension, enlargement, renovation, rebuilding, repair or improvement of land, waters, property, highways, buildings, equipment, or facilities”, or any purpose otherwise allowed by law.

Economic Development Lending: BCPL is a major source of funding for economic development projects throughout the State of Wisconsin including pass-through loans for private development, funding development incentives, TID infrastructure loans, land acquisition and development for business parks, and others. BCPL can provide critical flexibility in the repayment schedule if income projections are delayed.

Payments: Annual payments are due March 15 each year. Loans funded between September 1 and March 14 do not have a payment scheduled for the following March 15. BCPL can provide custom amortization schedules for projects that may take time to generate expected revenues, or that need coordination with other debt payment schedules.

Prepayment: Prepayments are allowed without penalty after January 1 and prior to September 1 each year, with 30 days prior written notice. This flexibility is extremely valuable, as future budget demands can be difficult to forecast. Many finance directors get stuck with higher rate bonds and are forced to wait years prior to refunding opportunities. This is never a problem if you borrow from BCPL.

Terms: 2 to 20 year fixed rate loans.

Rate Lock: Market-based interest rates are locked at the time of application for a period of 60 days at no cost to Borrower. This rate also remains locked following final board approval and throughout the 4-month draw period, which helps provide financial stability during the entire loan process.

Fees: No application fees, origination fees or prepayment fees. No fees period!

Best Part: Net interest earned by BCPL is distributed to communities statewide for the funding of public school library materials. Check out the BCPL website to see the annual contribution made to your school district. This annual payment effectively reduces local tax levies by providing schools another source of funding. How many bankers or bond dealers can say that?
Thanks for discussing this Mary. As we discussed, I don’t think there will be a great difference in interest expense going from a taxable rate of 4.4% (if the pooled rate interest rates increase in December) and a bank qualified tax-exempt rate as the loan amount is $245,000.00. Especially if the Town’s attorney will charge you for an opinion.

The monthly principal and interest payment on a $245,000.00 loan at the proposed 4.4% for seven (7) years would be $3,394.16/month. Total interest expense over the seven(7) years would total:

\[
\begin{align*}
$3,394.16 \times 84 & = 285,109.44 \\
\text{Less the principal amount} & = -245,000.00 \\
\text{Total Interest Expense} & = 40,109.44 \\
\text{less if the loan was prepaid.} & \\
\end{align*}
\]

This is the total interest expense over the seven(7) years. Would be
