

SECTION 17.05

CONDITIONAL USES

(repealed and recreated 2019-04)

1. APPROVAL REQUIRED.

Certain uses and situations are of such a special nature, or are so dependent upon actual contemporary circumstances as to make impractical the predetermination of permissibility or the detailing in the chapter of the specific standards, regulations or conditions which would permit such use. Therefore, these uses, upon determination in each individual situation, may be permitted as conditional uses in such district, subject to such requirements as are hereinafter specified for each situation.

2. BASIS OF APPROVAL.

The determination of such conditional use by the Town Board shall be based on whether or not the proposed use will violate the spirit or intent of the chapter; be contrary to the public health, safety or general welfare; be hazardous, harmful, noxious, offensive or a nuisance by reason of noise, dust, smoke, odor or other similar factor; or for any other reason cause an adverse effect on the property values and general desirability of the neighborhood. Except as may be specifically otherwise provided, any such use shall conform to the building location, height, area, yards, parking, loading, traffic and highway access regulations of the district in which it is located and the approving body may require compliance with such other conditions as may be deemed necessary in the specific situation in addition to any which may be herein stated. The location, building plan, site plan, and plan of operation shall be in sufficient detail to enable the Town to make its determination as to the appropriateness of the proposed grant of conditional use. The Town may take into consideration architectural and landscape treatments. Satisfactory provision shall be made for parking and circulation needs, for drainage and sewage disposal, for adequate planting screen where necessary, for operational control devices where necessary to eliminate noise, dust, odor or smoke; and such other factors as would be pertinent to such determination. Variances shall only be granted as provided in section 17.10 of this Chapter.

3. PROCEDURE.

A. Petition.

A request for grant of conditional use status shall be submitted in writing to the Town Clerk who shall promptly refer such petition to the Plan Commission for recommendation.

1. Names, addresses and phone numbers of the applicant, owner of the site, architect, engineer, and contractor.
2. The site legal description, location, zoning district, building and site plans, and plan of operation.

3. An accurate map of the property drawn to a reasonable scale, including indication of general terrain and topographic characteristics, the location of all significant terrain features such as streams, ponds, tree growth, etc., and the location of all existing structures.
4. An accurate and complete written description of the use for which conditional grant is being requested including pertinent statistics and operational characteristics (plan of operation).
5. An accurate and complete description of the current use of existing building and land.
6. Plans and other drawings showing proposed development of the site and buildings including landscape plans, location of parking and service areas, driveways, exterior lighting, type of building material, etc.
7. The names and complete mailing address, including zip code of the owners of all properties within 300 feet of any part of the land included in the proposed use.
8. Any other pertinent information required by the Code Enforcement Officer, Town Engineer, Plan Commission or Town Board as set forth in forms supplied by the Town including percolation test results and well water data.

C. Public Hearing.

Within a reasonable time after an application and all required information has been filed, a public hearing shall be held by the Town Board jointly with the Plan Commission pursuant to section 17.10 of this chapter. Within 40 days after the public hearing and all investigation, the Plan Commission shall make a recommendation to the Town Board unless the time is extended by the Petitioner.

D. Fee.

Any petition shall be accompanied by a fee as set from time-to-time by the Town Board to defray the cost of notification and holding of public hearing. Costs incurred by the Town in obtaining legal, planning, engineering and other technical and professional advice in connection with the review of the conditional use and preparation of the conditions to be improved shall be charged to the Petitioner.

4. DETERMINATION.

The Town Board shall make a decision on the application within a reasonable time after receipt of the Plan Commission recommendations. Said decision shall be stated in writing and a copy made a permanent part of the Town records. If conditional use status is not granted, the reasons therefor will be included in such record. A grant of conditional use status, subsequent changes or additions thereto and terminations thereof shall be in accordance with the following:

A. Recording.

1. An official record of such conditional grant shall be prepared by the Town Clerk on a form prescribed therefor which shall include the description of the use for which the grant is given and all conditions attached thereto as well as a copy of the resolution of the Town Board approving the grant. 2. The occupancy permit shall be appropriately noted as to the conditional status granted.
3. Indication shall also be made on the zoning map by appropriate code number or symbol.

B. Changes or Additions.

Subsequent change or addition to the approved plans or use shall first be submitted for approval to the Plan Commission and, if in the opinion of the Plan Commission, such change or addition constitutes a substantial alteration, a public hearing before the Plan Commission shall be required, and notice thereof be given pursuant to this Chapter.

C. Conditions.

Conditions such as landscaping, architectural design, type of construction, floodproofing, anchoring of structures, construction commencement and completion dates, sureties, lighting, fencing, planting screens, operational control, hours of operation, improved traffic circulation, deed restrictions, highway access restrictions, increased yards, or parking requirements may be required by the Plan Commission upon its finding that these are necessary to fulfill the purpose and intent of this Chapter.

D. Termination.

Where a conditional use does not continue in conformity with the conditions of the original approval, or where it appears that the information shown on the Petitioner's application was not accurate or complete, or where a change in the character of the surrounding area or of the use itself causes it to be no longer compatible with surrounding areas or for any cause based upon consideration for the public welfare, the conditional grant may be terminated by action of the Town Board following referral to the Plan Commission for public hearing and recommendation thereon.

E. Standard Conditional Use Conditions.

The standard conditions listed below are automatically incorporated into the terms of a Conditional Use Permit issued under this section, unless otherwise stated in the Conditional Use Permit.

1. Any use not specifically listed as permitted shall be considered to be prohibited except as may be otherwise specifically provided herein. In case of a question as to the classification of use, the question shall be submitted to the Town Plan Commission for determination.
2. No use is hereby authorized unless the use is conducted in a lawful, orderly and peaceful manner. Nothing in this order shall be deemed to authorize any public or private nuisance or to constitute a waiver, exemption or exception to any law, ordinance, order or rule of either the municipal governing

body, the County of Waukesha, the State of Wisconsin, the United States of America or other duly constituted authority, except only to the extent that it authorizes the use of the subject property above described in any specific respects described herein. This order shall not be deemed to constitute a building permit, nor shall this order constitute any other license or permit required by Town ordinance or other law.

3. This conditional use hereby authorized shall be confined to the subject property described, without extension or expansion other than as noted herein, and shall not vary from the purposes herein mentioned unless expressly authorized in writing by the Town Plan Commission as being in compliance with all pertinent ordinances.

7. Should the permitted conditional use be abandoned in any manner, or discontinued in use for twelve (12) months, or continued other than in strict conformity with the conditions of the original approval, or should the petitioner be delinquent in payment of any monies due and owing to Town, or should a change in the character of the surrounding area or the use itself cause it to be no longer compatible with the surrounding area or for similar cause based upon consideration of public health, safety or welfare, the conditional use may be terminated by action of the Town Plan Commission, pursuant to the enforcement provisions of this Conditional Use Order, and all applicable ordinances.
8. Any change, addition, modification, alteration and/or amendment of any aspect of this conditional use, including but not limited to an addition, modification, alteration, and/or amendment to the use, premises (including but not limited to any change to the boundary limits of the subject property), structures, lands or owners, other than as specifically authorized herein, shall require a new permit and all procedures in place at the time must be followed.
9. Unless this conditional use permit expressly states otherwise, plans that are specifically required by this conditional use order may be amended upon the prior approval of the Town Plan Commission if the Town Plan Commission finds the plan amendment to be minor and consistent with the conditional use permit. Any change in any plan that the Town Plan Commission feels, in its sole discretion, to be substantial shall require a new permit, and all procedures in place at the time must be followed.
10. Petitioner and Owner Agreement. As a condition precedent to the issuance of the conditional use permit, the owner of the Subject Property shall approve the issuance of this conditional use permit upon the terms and conditions described herein in writing, and the Petitioner is required to accept the terms and conditions of the same in its entirety in writing.
11. Professional fees. Petitioner shall, on demand, reimburse the Town for all costs and expenses of any type that the Town incurs in connection with this application, including the cost of professional services incurred by the Town (including engineering, legal, planning and other consulting fees) for the review and preparation of the necessary documents or attendance at meetings or other related professional services for this application, as well as for any actions the Town is required to take to enforce the conditions in this conditional approval due to a violation of these conditions.

12. Payment of charges. Any unpaid bills owed to the Town by the Subject Property Owner or his or her tenants, operators or occupants, for reimbursement of professional fees (as described above); or for personal property taxes; or for real property taxes; or for licenses, permit fees or any other fees owed to the Town; shall be placed upon the tax roll for the Subject Property if not paid within thirty (30) days of billing by the Town, pursuant to section 66.0627, Wisconsin Statutes. Such unpaid bills also constitute a breach of the requirements of this conditional approval that is subject to all remedies available to the Town, including possible cause for termination of this approval.
13. Current Address. The Petitioner is obligated to file with the Town Clerk a current mailing address and current phone number at which the Petitioner can be reached, which must be continually updated by the Petitioner if such contact information should change, for the duration of this conditional use. If the Petitioner fails to maintain such current contact information, the Petitioner thereby automatically waives notice of any proceedings that may be commenced under this conditional approval, including proceedings to terminate this conditional use.
14. Conditions Shown in Minutes Incorporated. All conditions of approval imposed by duly adopted motion of the Town Board in its consideration of the Petitioner's application, as noted in the Minutes of the Town Board meeting at which approval was granted, are specifically incorporated herein by reference.
15. Should any paragraph or phrase of this conditional use permit be determined by a Court to be unlawful, illegal or unconstitutional, said determination as to the particular phrase or paragraph shall not void the rest of the conditional use and the remainder shall continue in full force and effect.
16. If any aspect of this conditional use permit or any aspect of any plan contemplated and approved under this conditional use is in conflict with any other aspect of the conditional use or any aspect of any plan of the conditional use, the more restrictive provision shall be controlling as determined by the Town Plan Commission.

F. Performance Standards.

1. It is the intent of this Section to describe performance standards for the regulation of uses and to establish an objective and equitable basis for control and to insure that the community is adequately protected from potential hazardous and nuisance-like effects. These performance standards are designed to limit, restrict, and prohibit the effects of those uses outside their premises or zoning district. In addition, these performance standards are intended to comply with other applicable local, state and federal codes and standards. All structures, lands, air and water shall hereafter comply with the following performance standards.

- b. Vibrations not directly under the control of the property user and vibrations from temporary construction or maintenance activities shall be exempt from the above standard.
