STATE OF WISCONSIN

TOWN OF DELAFIELD

WAUKESHA COUNTY

ORDINANCE NO. 2022-04

AN ORDINANCE TO CREATE SECTION 17.04 5. R. ENTITLED “PLANNED DEVELOPMENT DISTRICT NO. 1” OF THE TOWN OF DELAFIELD MUNICIPAL CODE

WHEREAS, the Town of Delafield Comprehensive Plan, specifically, the Land Use Plan, allows for the designation of mixed use in the Town, and

WHEREAS, the Plan Commission determined that it would be in the public interest to develop a planned development zoning classification to be used in conjunction with lands designated Mixed Use on the Town’s Land Use Plan, and

WHEREAS, a series of meetings and public hearings were held concerning the possible planned development district, beginning in 2019; this process included stakeholder meetings organized by Waukesha County, followed by additional meetings held by the Town Plan Commission and Town Board, with numerous revisions being made to the proposed ordinance to address issues and concerns raised by the public and other stakeholders; and

WHEREAS, more than three years after this process began, a final ordinance now has been proposed for adoption as described herein; and

WHEREAS, upon publication of a Class 2 Notice per Chapter 985 Wisconsin Statutes once each week for two consecutive weeks prior to the hearing, and notice to the clerk of every contiguous municipality as required by Wisconsin Statutes Section 62.23(7)(d), the Town Board and Town Plan Commission held a joint public hearing to consider input regarding the planned development no. 1 zoning district on October 4th, 2022; and

WHEREAS, on October 4th, 2022, the Town Plan Commission recommended to the Town Board that the ordinance be adopted; and

WHEREAS, the Town Board finds that the proposed creation of a planned development district no. 1 in the Town Zoning Code is not a down zoning ordinance because it does not decrease the development density of land and it does not reduce the permitted uses of land, and therefore the super majority requirement of Section 66.10015, Wisconsin Statutes, does not apply to this ordinance; and

WHEREAS, having determined that all procedural requirements and notice requirements have been satisfied, having given the matter due consideration, and having based its determination on the effect of adopting the such zoning code amendments on the health, safety and welfare of the community, and the immediate neighborhood in which said use will be located, and having given due consideration to the municipal problems involved as well as the impact on the surrounding properties as to noise, dust, smoke and odor, and others, hereby determine that the zoning amendments will not violate the spirit or intent of the Zoning Code for the Town of Delafield, will not be contrary to the public health, safety or general welfare of the Town of Delafield, will not be hazardous, harmful, noxious, offensive and will not for any other reason cause a substantial adverse effect on the property values and general desirability of the neighborhoods within the Town, and will be consistent with the Town of Delafield Comprehensive Plan.

NOW, THEREFORE, the Town Board of the Town of Delafield, Waukesha County, Wisconsin DOES HEREBY ORDAIN as follows:

SECTION 17.04(5)(R) PLANNED DEVELOPMENT DISTRICT #1

1. STATEMENT OF INTENT

This district is intended to accommodate the development of a mixed-use neighborhood. The district provides opportunities for the development of a variety of residential, and open space uses in a cohesive environment. A heightened level of planning is required, including but not limited to, open space requirements, design standards and landscaping to ensure an attractive development. The district is intended to achieve the following:

- Provide for mixed residential use in an attractive, integrated environment which is complimentary to the surroundings.
- Preserve the natural environment by conserving environmental corridor areas, wetlands and tree lines designated for preservation to the extent practicable.
- Provide for landscape buffers along Glen Cove Rd., Elmhurst Rd. and Golf Rd. to ensure harmony with surrounding neighborhoods
- Provide for a trail network that links existing neighborhoods, individual development sites and the Lake Country Trail.
- Mitigate traffic impacts by splitting access between both local roads and the county trunk highway system.
- Provide a heightened level of site design and connectivity between development sites.
- Provide a broad range of potential living unit options that will accommodate residents of varying ages.

2. APPLICABILITY

This district is available to be applied solely to the area depicted in Map 1, attached hereto and incorporated herein by reference, which is comprised of approximately 152 acres, and referred to herein as the Eligible District. Prior to the Planned Development District #1 designation being applied to any lands, the Eligible District must be rezoned to the Planned Development District #1 and a General Development Plan must be approved subject to the procedural requirements of Section 17.04(5)(R)(4). Any rezoning application to this district shall include all of the territory of the Eligible District as defined herein.

Nothing herein shall be interpreted to prevent territory within the Eligible District from being rezoned to other zoning district designations as may be allowed by the Town of Delafield Zoning Code. Piecemeal rezoning and development of portions of the Eligible District may prevent the land from being rezoned to this district, however, because this district requires planned development of all of the Eligible District together.

The Waukesha County Shoreland and Floodland Protection Ordinance governs any lands within 300' of a navigable stream, 1,000' from a lake or public pond or to the full extent of the floodplain if a greater distance.

3. DEFINITIONS

Certain terms are defined as follows, for purposes of this Section 17.04(5)(R) Planned Development District # 1 only. If the terms defined herein differ from definitions provided elsewhere in the Town of Delafield Municipal Code, the definition stated herein shall control within this district.

Traffic Impact Analysis – An engineering study that determines the potential impacts the expected traffic of a proposed traffic generator will have on the surrounding roadway network. The study includes a recommendation of roadway improvements that may be necessary to accommodate the additional traffic. A complete analysis includes an estimation of future traffic with and without the proposed generator, analysis of traffic impacts, and recommended roadway improvements which may be necessary to accommodate the expected traffic. The analysis shall evaluate a variety of access points in the development.

4. PROCEDURE

- a. Pre-Petition Meeting: Prior to submitting a petition for rezoning to the Planned Development District #1, the Applicant shall meet with Town staff and County staff for a Pre-Petition Meeting.

Access points shall be sited in a manner to ensure safety with consideration of site distance and intersection spacing. The road network shall provide expedient access to higher intensity uses from Golf Road to the greatest degree practicable in order to minimize traffic impacts to Elmhurst Road and Glen Cove Road. Zone 3 shall require either 1 access to Golf Road and Glen Cove, or 2 accesses to Golf Road.
- 5) Sanitary Sewer Plan. The existing sewer system was designed for a density of 7 people per acre based on the entire 152-acre development; adequate sewer capacity must be demonstrated. All development shall be served by public sewer. The Applicant shall work with Lake Pewaukee Sanitary District and pay all costs associated with a Sewer Study and any necessary Project necessitated upgrades to the sewer conveyance system and lift stations, and to obtain written documentation from Lake Pewaukee Sanitary District confirming the higher density development can be successfully served by municipal sewer.

The Applicant shall demonstrate that the Southeastern Wisconsin Regional Planning Commission, State Department of Natural Resources and the Lake Pewaukee Sanitary District have been consulted with regards to anticipated water table impacts of any planned private water supply. The water study must demonstrate to the satisfaction of the Town Planning Commission and Town Engineer, that a private water supply will adequately serve the Project depicted in the GDP, and not adversely impact private wells in the area or other natural resources. Alternative water sources shall be considered by the Town Plan Commission and Town Board and the County Zoning Administrator if requested by the Applicant. The Town of Delafield and Waukesha County

may require improvements recommended in the water study to be implemented by the Applicant as a result of the Project depicted in the GDP.

Trail segments shall be constructed in conjunction with the development of the respective development phase and shall connect to existing or future adjacent phases. Individual phases of the project shall provide connections to the main planned trail artery that will generally connect the neighborhoods to the west and the Lake Country Trail to the northeast.
- 9) Active Recreation Plan. An active recreation area that is a minimum of 0.5 acres in area, such as a small neighborhood pocket park, would be desirable and may be required based upon the nature and intensity of the proposed uses. The Town Board, upon receipt of a recommendation of the Town Plan Commission and County Zoning Administrator shall consider the Applicant's plan and determine the location, size, components, ownership and maintenance of the active recreation area. The recreation area may be located within a designated natural resource protection area, provided that a tree inventory is provided to demonstrate that the disturbance will not unduly harm mature trees.

c. Specific Development Plan

If rezoning and a General Development Plan have been approved, an application for Specific Development Plan approval for any portion of the project shall accompany a site plan application. The Town Board, upon receipt of a recommendation of the Town Plan Commission and County Zoning Administrator, shall approve, deny, or conditionally approve the following detailed plans as part of the Specific Development Plan review process.
